Subject: Kelleys Island Internet Service Upgrade

We would like to notify the residents of Kelleys Island of the opening of the new internet service upgrade from Frontier Communications

We offer the following Speed tier services

Internet 12M	12M	1M	\$37.99
Internet 18M	18M	1M	\$37.99
Internet 25M	25M	2M	\$37.99
Internet 45M	45M	3M	\$44.99

The system will qualify each location for the speeds to be eligible. There are areas on the island that penetration are challenging, and the system may throw no service available and survey is required, which means a technician needs to go to your place and perform a service signal check

If interested we need the following information

Name

Billing Address

Phone Number

Are you a current frontier customer? Y/N

Please send an email with this information to carlos.cardona@fr.com, and we will work with the internal processes on these orders with representatives that will be contacting you

Best Regards,

Carlos Cardona
Frontier Communications
Sr. Wireless Architect
