

Kelleys Island Landowners Association PO Box 22, Kelleys Island, OH 43438

All KILA members

Hello all. It has been a fantastic 2022, the weather has been great. KILA has had some great new (and traditional) things happening that we are all excited about. We started the new year with our welcome back potluck dinner in May. It was nice after the post COVID times to host this event once more. Lots of fun and a chance to catch up after the winter season.

KILA has been working with the Kelleys Island park board to raise funds for the new playground equipment in the newly named Community Park on Addison Street. The KILA board voted to purchase two swings for \$16,000 for this project. That's is the largest single donation amount so far that KILA has given. It is through YOU, our members, and the hard work of the KILA board and volunteers that's made this possible.

Some other projects KILA has funded in 2022 are the new sign at Community Park and new trash 🗑 receptacles at the trail head of 4 of our parks and preserves. Helping keep Kelley's island clean and beautiful.

Our homecoming this year was a huge success. From the parade with a marching band, entertainment, food & beverages, Pie contest and our 2nd annual fish fry. What a great weekend of celebration. I can see this event growing even more in the years to come.

We look forward to the rest of 2022 and our annual hayride once again being held October 15th at the 4-H camp.

We are looking forward to a great 2023 and KILA is only successful with everyone's help. I want to again thank each and every member, donor, volunteer and board member for our continued success.

Thank you
Chris Arnold
KILA President
